Crime Victim Compensation Program

The Judicial Branch Office of Victim Services (OVS) Victim Compensation Program offers financial help to crime victims, their relatives, and other people who have a financial loss because of a crime.

Victim compensation can pay for crime-related expenses and losses that are not covered by insurance, restitution, or other financial sources. Documentation that relates the injury and expense to the crime is required. There is no time limit to using the compensation funds once you have been found eligible for compensation.
