Application for Victim of Crime Compensation Instructions

Being impacted by a crime can be overwhelming. Please take your time completing this claim form. Help is available if you need it.

You May Be Eligible for Help If:

- The crime occurred in **Nevada**, and
- The crime was reported to law enforcement or another appropriate authority, and
- You are considered a “victim” under Nevada law—meaning you were harmed physically, emotionally, or financially because of a violent crime, and
- Your application was submitted within the time allowed by law.

Expenses That May Be Covered

The Program may help with certain crime-related expenses, including:

- Medical, hospital, and ambulance bills
- Counseling or mental health services
- Lost wages or survivor benefits (*A social security number must be included in the application*)
- Funeral or burial expenses
- Crime-scene cleanup
- Child care, relocation, or home health care
- Vision care, physical therapy, or chiropractic services
- Property damage related to qualifying hate crimes (limited)

Most benefits have limits. In general, the total award cannot exceed **\$35,000**, although some services—such as counseling and crime-scene cleanup—may be covered beyond that amount.

Important to Know

The Victims Compensation Program is the **payer of last resort**. This means we must consider payments from other sources, such as insurance or restitution, before determining your award.

Filling Your Claim

- Please print clearly and complete only the sections that apply to you.
- Provide a safe phone number, email address, or mailing address where we can reach you.
- Submit any documents you have now—you may send additional information later.
- Be sure to sign the required authorization and release forms.
